AL
HEIDORN
FOR MAYOR

WWW.BOLDERWATERTOWN.WIX.COM/2014

I ran for mayor because I want to address the issues that face our people, our businesses and our city.

Decrease the tax rate by increasing the tax base.

Ask your friends in neighboring communities what they are paying in property taxes. I bet you might be surprised at what you learn. My idea is to decrease our taxes by increasing the number of people paying them. This way, we can be responsible with your money and we don't have to cut funding for the services we all enjoy. I will work to attract new employers so we can gain new residents and we can fill our empty lots with houses and families.

Supporting local business is good business.

Our small businesses are the backbone to our community. They support our churches, local non-profit organizations, our schools and youth programs. They employ us and our children. They work hard to support us, so I will work hard to support them. Watertown needs to be business friendly.

Provide a plan, leadership, follow-through.

I will propose a plan to prosper our community in light of our current economy. I do not believe that as mayor I can accomplish anything alone. With that being said, I do believe that I can motivate and inspire our city to accomplish great things together. I will provide follow-through and take our collective ideas all the way to completion.

It's time for a change.
